--When cutting your material, use 1/4” material for the pitch and 1/8” material for the players. Put all your players into their positions on the field. The captain ‘C’ can be placed anywhere at the start of the game. As your players get knocked out of the game after being hit by an oponent, the Captain can move between any open position when it is your turn to shoot (Flick) on the goal. Players take turns shooting on goal until either player has scored ten points. A barrier should be placed on all sides of the of the field to prevent gong out of bounds. A player scores by flicking the puck through the opening n the opponent’s side of the field.
